

Worship Discovery 2008

Dear Friends,

Another year has passed. I would be remiss should I fail to appreciate you who have supported Worship Discovery for another year. Your prayers, encouragement and financial support have been key to another successful period of ministry.

Worship Discovery has ministered in churches, small groups, book studies, conferences seminars, prisons and other venues, as well as three countries abroad, Kuwait, Holland and Latvia.

Despite the “economic down- turn” we have been enabled to continue ministry and invest in other ministries here at home and internationally. You have made this possible.

I am keenly aware that there are many worthy ministries and causes to which you could give of your “hard-earned” resources and I am humbled that you have stood with us in a time that has been financially challenging.

It is important that you know that I personally keep a list of our faithful supporters and pray for you all continually.

Thank you for your sacrifice on our behalf.

We will continue to “carry the water of worship” to the nations in 2009.

You should be aware that if you prefer to contribute to Worship Discovery via the internet, you can do so at our website [worshipdiscovery.org](http://worshipdiscovery.org). Just click on the tab Donate and fill in the information. It takes only a couple of minutes.

Also, I have begun to do a series of worship teachings on this site and pray these studies will benefit you as you too, carry His presence in the earth.

Pam and I, along with our board, bless you in the coming year by praying that His presence would surround your homes, family and work with peace, grace and security as you move forward into 2009.

Worshiping Him,

Karry Godwin
